Hi John,

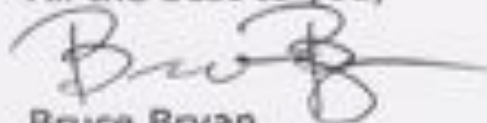

I'm still excited about my house. Hard to believe we closed last year already. Needless to say, we are really happy we WON! I was driving home from the airport with a friend and we happened to see a guy holding a sign about the bid sale. We pulled up a few minutes before 5pm and ended up being the best bidder that night.

It all happened really fast and it was my first purchase so I had a ton of questions and did not know if I could trust you, the process, the people in your network, etc... Thank you for spending the time explaining the details and walking me through the process. It worked out great! I especially like how we had time to inspect the house, apply for a loan and that there was no cash needed upfront. This was key for me.

We got a great deal on a solid house in a very good neighborhood. You all proved to be very professional. I'm happy to have you show this letter to others who are not so sure if they should buy a house this way. John Barbee and his team do what they say they are going to do, when they say they're gonna do it. In a word, integrity. So, thank you again.

Richard Blocker did a great job explaining documents and helping with the closing.

All the best to you,
